Fields Park

Bringing back the connection with *nature*

The concept of Fields Park stems from the simple everyday insight of how we take our surroundings and views around us for granted – that they seem to blur in the everyday routine.

Everything about the Fields Park was designed for residents to return back to nature and to actively engage with their environment. An experience where life literally blossoms around every corner. Centered on farming and gardening, Fields Park is a haven for those who find sanctuary in catering to life from seed to bloom.

Nurturing the Seeds of *Happiness*

Fields Park Design

A Tuscan-Inspired Park

Inspired by the rejuvenating and evergreen nature of plants, Fields Park is designed to engulf its community in all things green – not only in the form of landscape but also in the wide range of hands-on activities that continue to invite community members to connect with nature, and in turn, with themselves.

In this no-car zone, community members of all ages can easily and safely walk through the park to The Lighthouse-operated activity zones – from gardening pods to fruit-picking events, the seeds kiosk, and farm-to-table dinner gatherings. Complementing the Ranch Experience, Fields Park offers its residents an outstanding iVilla experience overlooking the park's wide valley.

Ranch Pods

A thrilling hands-on *Gardening Experience*

Ranch Pods are available to all residents who wish to plant, grow and harvest their own produce and herbs.

Trail Road

Traverse through
the scenic
Field's Trail Road

Take a hike, or catch some rays, it's all along the Trail Road. Enjoy a scenic cycling path, wander through a botanical garden paradise, or kick back and chill on one of the many side decks. It is an immersive outdoors getaway, right at your doorstep.

Glass House

A Fields Park *Landmark*

A distinctive Greenhouse is embedded within the design of Fields Park and will elevate your inspiration featuring a host of flora.

Seeds Kiosk

Garden Shopping

All your gardening needs will be on display at the Seeds Kiosk featuring a diverse selection of seeds to grow your own plants, flowers, vegetables, fruits, or herbs as well as tools.
