A bird's eye view of the Great Pyramid of Giza during the Equinox shows that it actually has eight sides instead of four, like every other Egyptian pyramid. That is to say, that its four sides are hollowed in or indented along their central lines, from base to peak.

Inspired by our glorious history and ancient Japanese art, Origami unfolds a new era within Taj City, offering beautiful homes to behold.

golf

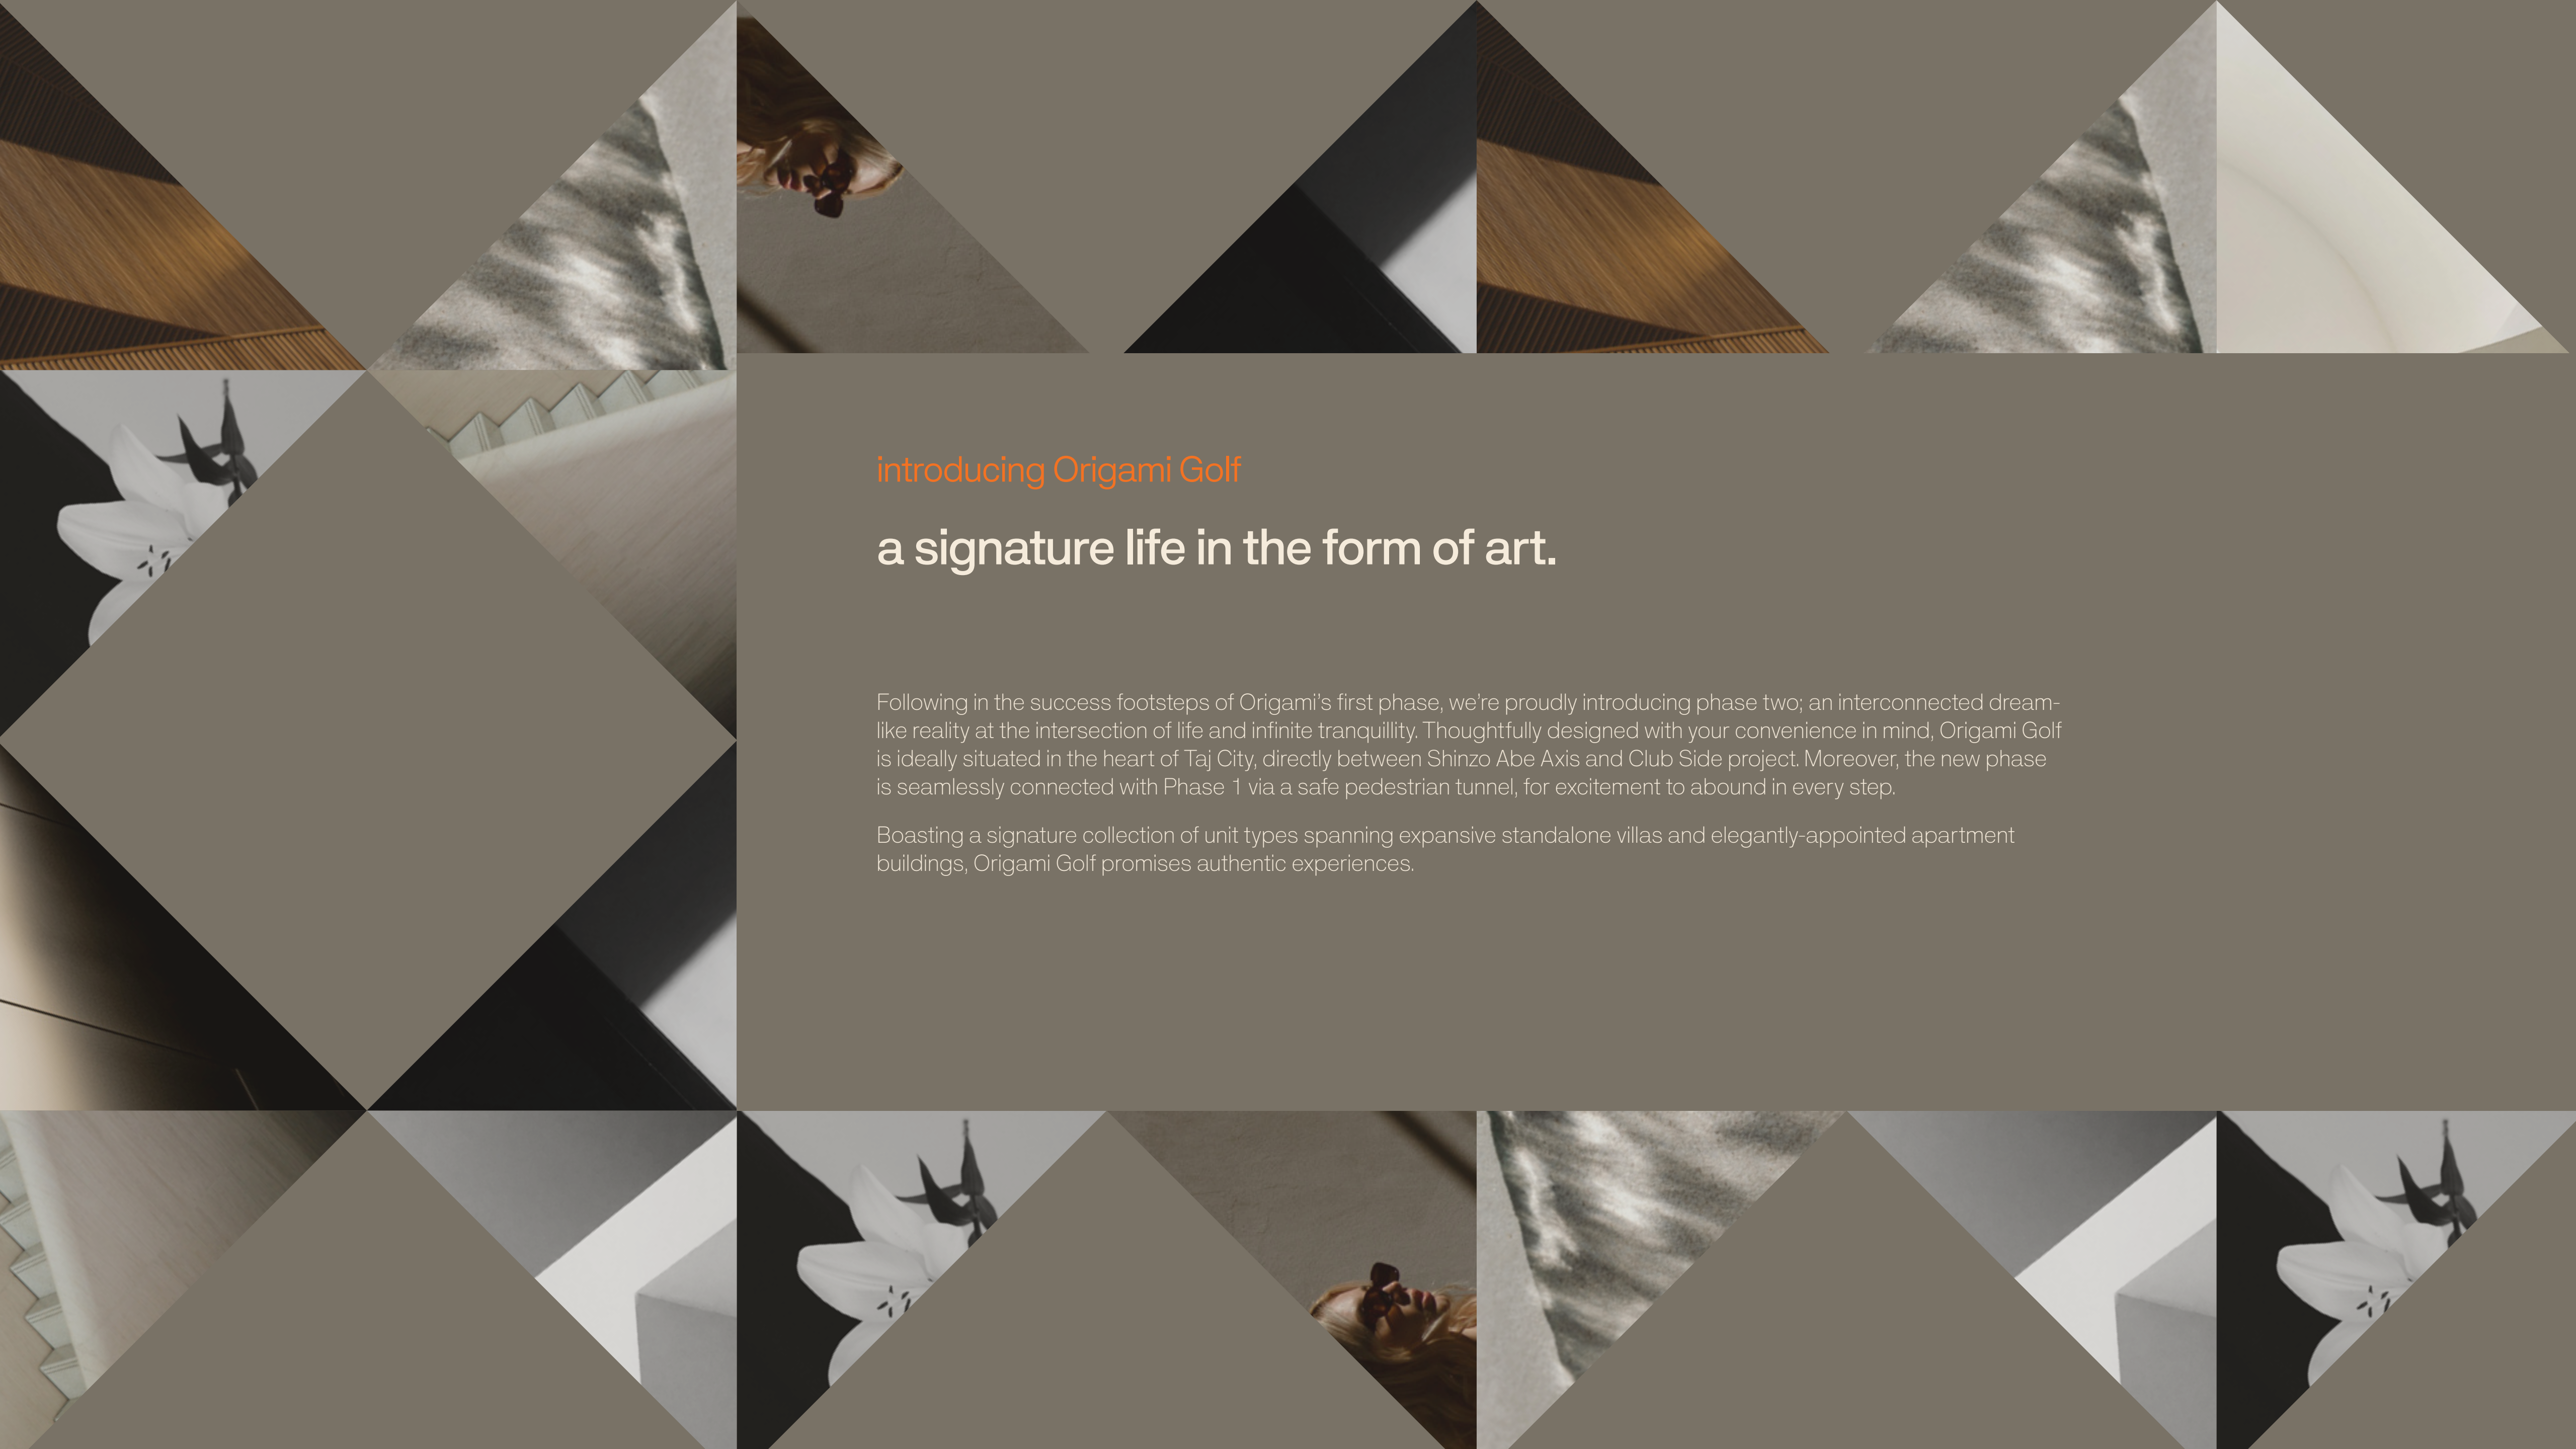

A bird's eye view of the Great Pyramid of Giza during the Equinox shows that it actually has eight sides instead of four, like every other Egyptian pyramid. That is to say, that its four sides are hollowed in or indented along their central lines, from base to peak.

Inspired by our glorious history and ancient Japanese art, Origami unfolds a new era within Taj City, offering beautiful homes to behold.

introducing Origami Golf

a signature life in the form of art.

Following in the success footsteps of Origami's first phase, we're proudly introducing phase two; an interconnected dream-like reality at the intersection of life and infinite tranquility. Thoughtfully designed with your convenience in mind, Origami Golf is ideally situated in the heart of Taj City, directly between Shinzo Abe Axis and Club Side project. Moreover, the new phase is seamlessly connected with Phase 1 via a safe pedestrian tunnel, for excitement to abound in every step.

Boasting a signature collection of unit types spanning expansive standalone villas and elegantly-appointed apartment buildings, Origami Golf promises authentic experiences.
